

DAHLMAN®

CORN

D49-02

CONVENTIONAL

98 Day RM

D49-02 has a strong, healthy early growth that translates into great appearance all season long and into fall with exceptional late season intactness. D49-02 flowers average for a 98 day hybrid. Goss's Wilt tolerance is very good with a very strong overall disease package.

Management Tips

-  Position west to east in RM
-  Will tolerate higher PH soils
-  Plant medium to med-high populations
-  Overall strong disease package
