DAHLMAN®

CORN

R46-14

92 Day RM

R46-14 adapts to a wide variety of environments and has a healthy green appearance with strong early season vigor. R46-14 plant height is medium-tall and is best planted in its adapted RM zone but does have good southern movement.

Management Guidelines

- Best in adapted RM zone
- Good choice for stress prone soils
- Plant med-high to high populations
- Candidate for fungicide corn on corn

Base Genetic Family: R46-27VT2PRIB, D46-04

Disease Ratings <1 poor: 5 excellent>

Northern Leaf Blight	4 0
